| Sweet article, thanks for sharing! This was really fun to read. Lots of love to the Fawkner Clan.                                |
| I really liked what he did with Reach for the Stars and wish he'd make a fun turn-based space strategy<br>game. With hexes even! |
| My wife loves puzzle games. Is Puzzle Quest or any other Fawkner game available on iPad?   |
