I know this forum is as quiet as a library on a Saturday night, but I figured I'd share with all of you the reason I came back around to W3 after years away from the great game. My interest returned after reading an excellent web comic called Erfworld . I would recommend giving it a shot if you are interested in that kind of thing.

To give you an idea of what it's about, it is basically a comic set in a world that **is a turn-based strategy game** .

(I promise I'm not a spam account! KGB verified me and everything!)
