Dear members,

Does anyone have any Lord of the Rings based scenarios or campaigns, apart from those available on this site and internet (for Warlords III DLR).

I would appreciate it very much.

Thank you in advance!

There are some LOTR scenarios for Warlords 2. You can download the game from the downloads section here at warlorders.com. Then go to http://www.heeter.net/warlords/ and download all LOTR scenarios from there.
