

Warlord IV Editor

Posted by Wizlce - 16 Oct 2011 20:57

Hello fellow Warlords

I am back on-line after a long absence. Private & professional life is just taking up to much time for playing. Nevertheless the Warlord IV editor is not dead. I some day KGB want to release the 1.06 patch I can update the editor.

If you have special requests for upgrades let me know. I will consider it.
